CODUTTI

codutti

L'ufficio rappresenta la tua identità, il percorso che stai compiendo e i valori che ti accompagnano.

Comfort, tecnologia e funzionalità contribuiscono al tuo benessere e facilitano la riuscita delle attività che ti vedono protagonista nella vita lavorativa.

Noi di Codutti, dal 1954 artigiani e industriali insieme, creiamo soluzioni d'arredo per ufficio di alta gamma con l'attenzione e la cura frutto di oltre sessant'anni di esperienza nella produzione e nel design made in Italy, per le aziende, per gli studi professionali e i progetti contract, anche sui mercati internazionali.

Tutte le nostre collezioni – dagli arredi direzionali agli operativi, dalle sedute alle pareti divisorie – nascono dall'unione di artigianalità e innovazione tecnologica e si contraddistinguono dall'alto livello di qualità e cura del dettaglio propri del marchio Codutti.

La flessibilità per noi è un valore: prendiamo in carico i tuoi progetti e siamo al tuo fianco nel fornire soluzioni personalizzate che superano le tue aspettative.

Un ufficio unico e coinvolgente, che ti emoziona ogni giorno.

Your office shows who you are, what your journey is and your principles are.

Comfort, technology and functionality: all contribute to your wellness and make easier those tasks that see you as the main actor in your daily business life.

We at Codutti have been both craftsmen and industrialists since 1954; we create design solutions for the highline office, paying the attention for the detail we have learned from more than sixty years of experience with the made in Italy production and design.

It's for companies, for professionals and contract projects, also on global markets.

All our collections - from the executive to the operative office, from the chairs to the partition walls - are born from the union between craftsmanship and technology innovation, and stand out thanks to high quality level and care for details, which has always been the main distinction of the Codutti brand.

We believe flexibility is an added value: we take in your project requests and stand at your side to give you customized solutions that go beyond your expectations.

A unique appealing office that excites you day after day.
